Program Overview
The PMP® Certification Preparation Course prepares anyone interested in becoming a certified Project Management Professional® for PMI®’s Certification Exam. This 5-day PMP® Exam Prep class will provide a formal Certificate of Completion to fully satisfy PMI’s 35 contact hour requirement. The program is based on the most current PMBOK® Guide and PMP®/CAPM® exams and incorporates updated task information and sample exam questions.

Who Should Attend
This course is intended to prepare qualified students to pass the PMP® Certification Exam. This course is designed for any project managers, operations managers, strategy implementation managers and analysts, program managers, budget analysts, operations analysts, and anyone else that wants to be a certified project manager. It is assumed that students are familiar with and meet PMI’s experience requirements for taking the exam.
Program Includes:
The Strategy Management Group (SMG) PMP® Exam Prep Course prepares students by developing all the knowledge competencies they need to comprehend PMI's best practices and apply the methodology to everyday work responsibilities. By following the workbook from start-to-finish, students will master all the knowledge-based material needed to enhance work performance.

Learning materials include:
- 591-page Workbook (unique, better than any other prep book)
- Seven Full Color 18" x 24" Wall Posters (only offered by SMG)
- 500 Flash Cards
- Online PMP® Exam Simulator Software - to practice and learn with answers, page number and paragraph noted

Also includes:
- 35 PDU's or Contact hours
- Exam application assistance
- Continued support after class

Course Outline
- Project Management Fundamentals
- Initiating the Project
- Planning the Project
- Executing the Project
- Monitoring & Controlling the Project
- Additional Information

During the class, each process is discussed using the following methodology:
- Discussion of the purpose that the process serves in the project life cycle
- Practical application for the process
- Review of "Must Know Concepts" for the process
- Interactive Games
- Introduction to the process and knowledge goals
- Specific inputs, tools and outputs from the process
- Chapter Quiz
- Project Exercises

Guaranteed to pass!
SMG has experienced a very high pass rate on the first attempt after taking this training class. We are confident that our students will successfully retain the knowledge and skills outlined in this course and pass their PMP® or CAPM® Exam.
